### Development Apparatus

As the course goes on, students will be responsible for making their teaching apparatus according to our method of training. Students will also be required to make additional materials either at home or at the co-operating nursery school. Moreover, a list of the items which each student must have in order to follow the course will be given out so that they can be obtained before starting the course. They remain the property of the student or the sponsor. C.D.P does not supply these items.

### Costs During Second Phase

During the second phase of the course, the co-operating nursery school will pay the costs of each inspectorate trip. The cost will be calculated according to the distance travelled and time taken. The co-operating nursery school will be notified of the cost before the student is accepted at the nursery school and will be informed when the rate is adjusted to meet inflation costs.

### Co - operating Nursery School

Each student must join a nursery school. This co-operating school must set the student free to develop children according to Montessori method. Failure to practice the method fully will mean that the student will fail to receive his/her certificate or Diploma.

C.D.P staff will communicate directly with the co-operating nursery school regarding the progress of its student. C.D.P will also make sure that the certified teacher continues to practice the Montessori method fully.

### Location of the College

C.D.P is located in Nairobi in Eastland's area at Umoja estate, on the compound of Umoja catholic Church. Available means of transport to the college are: matatu number 35/60 and 17a.

## Introduction

The Child Developers Programme C.D.P is a programme of the Archdiocese of Nairobi that trains competent nursery school teachers to guide 3 - 6 years old children in various nursery schools throughout Kenya. The course was started in 1974 and has trained over 6,000 nursery/pre-unit teachers.

## Method

The method used in training teachers is the Montessori method. This method is recognized worldwide as one of the most successful methods of the pre - primary education. Since then it has proven to be very successful here in Kenya.

## Staff

Our staff has been trained on the International Montessori Method

## Courses

We offer both the Certificate and Diploma. We have 3 intakes **January, May and September**. For one to be admitted on is required to do an interview which is **Kes 1,000**. On the interview date the student is required to carry the original and photocopies of KCSE Certificate, ID, and leaving certificate.

## Certificate

The entry grade is a mean grade of D+ and above.
